SECTION 2: PASSWORD RECOVERY & AUTHENTICATION PROTOCOLS

Protocol	Operational Procedure & Verification Rules
1. Mandatory Gmail SSO	Every login must originate from an approved @gmail.com account. The portal enforces domain validation and blocks unauthorized generic email domains.
2. Password Recovery	If an account password is lost, click 'Forgot Password?' directly under the password entry field. Enter the registered Gmail address to dispatch a secure 24-hour token reset dispatch.
3. Reset Confirmation	Upon submitting a reset request, the user receives an official password reset notification containing their secure activation link and direct password update portal.
4. Password Standard	New passwords must be at least 6 characters in length and include alphanumeric characters or symbols (e.g. Admin@TJS#2026). Passwords immediately sync across all devices.

PREPARED BY System Administrator / IT Cell Jashvanth J Temporary Administrator, ISMS	VERIFIED BY Head of Academic Governance Prof. M. Senthil Nathan HOD / AIML Department	APPROVED & SEALED Chief Institutional Executive Dr. K. Ravichandran, M.E., Ph.D. Principal, T.J.S. Polytechnic College
